*Graduated Summa Cum Laude. GPA 3.79. SAT 1580.*

## SKILLS

---

**Technical Skills** Java, Python, C, Excel VBA, Git, Javascript, Dash App Design, ARIMA Modeling.

**Soft Skills** Coordination, Project Management, Analysis, Organization, Curiosity.

## EXPERIENCE

---

**Data Analyst and Research Intern** May 2020 - September 2020

The Beacon Hill Institute for Public Policy Research

*Remote Position*

- Developed and designed a novel, Python-based comparative analytics Dash App for U.S. state competitiveness data based on proprietary BHI index models. Edited with Jupyter Notebook and deployed with Git and Heroku.
- Built ARIMA models with Python using Massachusetts tax data to predict state tax revenue during and after the COVID-19 pandemic.
- Implemented various Excel Macros to allow for manipulation and distribution of curated U.S. state competitiveness data.

**Creative Marketing Director**

September 2020 - Present

**Podcast Research Intern**

May 2020 - September 2020

Cress Health

*Remote Position*

- Successfully coordinated and maintained social media marketing campaigns on Instagram and Tiktok for a new-to-market, consumer-facing mental health platform, Callie.
- Identified relevant and exciting episode ideas for the Cress Health podcast and spearheaded research.

**Tutor**

September 2019 - Present

The Tutoring and Learning Center at Columbia University

*New York, NY / Remote Position*

- Mentored a small, dynamic group of local high school sophomores in regular meetings to develop effective study habits and foster a sense of community within the nearby public-school system.
- Studied pedagogy and communication techniques at weekly training sessions.

## EXTRA-CURRICULAR ACTIVITIES

---

- Jazz Pianist in the Columbia University Jazz Performance Program Big Band (2019-Present)
- Jazz Administrator at 89.9 WKCR FM, Columbia's student-led, educational radio station (2019-2020)
